Testimonials

See what our customers have to say about their experience of travelling with us...

Mr VP Bhat,
Trip to turkey, July 2011

Yes, we did have a fantastic trip. Everything was well organized. No complaints what so ever. The service of the hotel in Cappadocia was excellent. Though the hotel in Istanbul was good, service was poor. This apart no other hiccups.

Ho Chi Minh City (Vietnam)

Saigon or Ho Chi Minh City

as it is called today is in the South and truly is the heart of Vietnam. It is the buzzing commercial centre of the country and palpably so.

A city which leaves zillions of images in your head; to mention a few : the resilience of the people during the war, none better exemplified than at the Cu Chi tunnels, the beautiful French style buildings in the centre of the city, the quaintly narrow and high houses that Vietnamese live in, oddly interspersed with high rises, the gigantic restaurants and cafes which always seem to be full up, the battalion of bandit lookalike riders who seem to be coming at you from everywhere and undeniably, the superb exciting nightlife in the city centre. To add to this, is a shopping experience that is refreshingly different and provides for a unique opportunity to add to one's home décor with the silk, lacquer, handicrafts and contemporary art to choose from. And if you are the type to explore then a trip down one of the great rivers, the Mekong is warranted.

There are some **top class golf course choices** around Ho Chi Minh City to make for a superb all round vacation adorned with exhilarating golf. Close to the city centre is the 36 Holes [Vietnam Golf & Country Club](#), considered amongst the most prestigious in the country. Another challenging 36 hole facility is the [Long Thanh Golf Course](#) in Baria province, about an hour's drive from the city centre with some captivating holes and dramatic landscapes. The other delights are the scenic 27 Hole [Bo Chang Dong Nai](#) course and the challenging 27 Hole Song Be course both about the same distance from the city centre. And then there is the slightly more exclusive and recent addition - [The Twin Doves Golf Resort](#). If you are willing to venture out of the city for an overnight stay, then there are a couple of beautiful links style courses about 3 hours drive from Ho Chi Minh City in the twin towns of Phan Thiet & Mui Ne on the sparkling South China Sea- the challenging [Sea Links](#) & The Sir Nick Faldo designed [Ocean Dunes](#).

Long Thanh Golf Course, HCMC (Vietnam)

Read the review by Madhav Misra, Director Golftripz, who played this spectacular course.

Situated about an hour's drive from Ho Chi Minh City in the Baria province of South Vietnam is this magnificent 36 hole course designed by Golf Plan. Set out in an expansive estate on former paddy fields, that includes residences, it comprises the Lakes Course & the Hill Course. Both the layouts are spectacular and there isn't a single ordinary hole on any of the 2 courses and therefore not easy to pick one better than the other- not to mention the challenge that is in your face at all times - sometimes water, sometimes the deep and dense vegetation that surrounds you and sometimes both. To complement the beauty and rigor of the layout is the course conditioning. It plays in top shape all year round and without a doubt you will remember it amongst the top courses you have played. It is recommended that you play both courses here. After all it is not easy to make more than 1 trip to Vietnam, although you will surely be tempted to !
